

Priority Foundations and Corporations

GW has longstanding relationships with foundations and corporations around the world. Many relationships with (non-federal) funders are managed at a school or university-wide level, and require coordination by the Office of Corporate and Foundation Relations.

We welcome faculty or staff to contact the Office of Corporate and Foundation Relations at cfr@gwu.edu for assistance in understanding GW's history with a particular funder, developing strategies for engagement, and/or before submitting a proposal. We especially encourage you to contact our office before any engagement with the priority foundations and corporations listed below. Funders in bold are centrally managed, and faculty will need to be in touch with our office for a considered conversation in advance of any outreach or application submission. Thank you for your partnership.
